Aprisa s.r.o.
 Sadová 616,
 738 01 Frydek-Místek
 Czech Republic

EN INTENDED USE / APPLICATION
 Product designed for the use in households and for other similar general applications.

FUNCTIONAL CHARACTERISTICS
 Product can be used either indoors or outdoors. Product automatically lights up when moving objects are detected. When returning to the network for the first time, the product will switch off as late as after few dozen seconds to several minutes.

USAGE GUIDELINES / MAINTENANCE
 Replacing the light source in the housing is impossible. If the light source is damaged replace the entire housing. Non-dismountable product. Not suitable for independent repairs.
